

A Wonderful World

Henri: They say I'm insane, sick in the brain, 'cause I make chou-mein come what may

Mrs. Forbes: Listen, my friend, we hope you intend to stay with us starting today

Tutti: Come, come to our crazy world
Cares are hurled to the sky
In our up-si-daisy world
The life we lead is fun indeed, so give it a try

Dr. Sprayragen: You can regain your castles in Spain and your unobtainable dream

Pollyandrea: You're welcome, my dear to stay with us here, it's perfectly clear we're a team

Tutti: You're welcome as summer rain,
Come join us in pink champaign
Life here is a candy cane
Oh, it's really A Wonderful World

Fortescue: Let me explain, we'd rather abstain from life in a plain paper bag

Roxanne: Come, join in the fun, we won't be undone, our parties are never a drag

Tutti: Come, come to our crazy world
Cares are hurled to the sky
In our up-si-daisy world
Peter Pan said, "Yes, I can," he learned how to fly

Bob: So go fly a plain, eat lobsters in Maine, like Tarzan and Jane climb a tree

Billy: To really raise Cain, why don't you drain the Mediterranean Sea

Tutti: You're welcome as summer rain
Come, join us in pink champaign
Life here is a candy cane
Oh, it's really A Wonderful World
